SUMMARY

Full-stack developer who builds and runs real products for small businesses: work and payroll tracking for a construction company, a QR-based tool inventory system, and online booking with a Telegram bot for a hair salon. I take projects from talking with the client to deployment and support. Ph.D. in Physics: used to breaking hard problems into small, testable steps.

EXPERIENCE

Full-stack Developer · SANJO, Czech Republic — 2026 – present

- **BuildTrack**: daily work records per site and crew, monthly payroll in five currencies with PDF/CSV export, receipt photos in S3, QR check-in, installable PWA in five languages. React 19, Tailwind CSS 4, Express, PostgreSQL, MongoDB, Railway, CI on GitHub Actions.
- **Tool Tracker**: tool inventory where storekeepers issue and return tools by scanning a QR code; single event log for history and reports, overlap-safe bookings, signed handover PDFs, GPS map, Telegram and web-push notifications, CSV/Excel/PDF exports, roles, daily backups.

Freelance Developer · TaisiyaStyle, Prague — 2024 – present

- **taisiiastyle.cz**: website and online booking for a hairdresser in three languages. Bookings managed through a Telegram bot; a separate worker sends reminders and review requests. React, Express, MongoDB, JWT, Railway; API covered by unit and integration tests.

Novares Group, Czech Republic — 2020 – 2023

Operator → Inspector → Master → Electrotechnician: quality control, team management, electrical maintenance.

Yazaki LLC, Ukraine — 2018

Operator: assembly line operation and quality checks.

Junior Lecturer · Uzhhorod National University — 2015 – 2019

Assisted with lectures, guided research and led practical lab sessions in physics.

STUDY & TEAM PROJECTS

- **Tracker of Water**: water intake tracker, team project. Backend: password reset flow (Express, MongoDB, JWT).
- **Contacts Book**: private contact book with registration and login. React, Redux Toolkit, Formik.
- **Movie Search**: movie search with routing, details, cast and reviews.
- **Best Sellers Books**: book shop site; Scrum Master and developer of the All Categories section.
